

# STOUGHCOOL

WE KNOW COOLANT.

# JETKUT 85XP

**Stoughcool Jet Kut 85XP** is a high performance multi-purpose cutting oil. It is formulated with a special combination of extreme pressure additives that achieve excellent lubricity performance. Stoughcool Jet Kut 85XP contains a highly refined mineral oil base that results in a cleaner and purer product than that of other typical cutting oils. It also is a lower viscosity cutting oil than most typical cutting oils and offers better penetration and heat dissipation with a much cleaner machining result. It's an excellent choice for screw machines and can also be used in swiss style machines. It is recommended for both ferrous and non-ferrous materials. It can possibly tarnish brass or copper if not cleaned immediately.

LAB DATA	
Appearance	Amber, clear
Density lbs/gal	7.34
Flash Point F	>350
Solubility	Insoluble in water
