

STOUGHCOOL

WE KNOW COOLANT.

JET TAP PASTE

Stoughcool's Jet Tap Paste is an extremely clean water soluble tapping compound. It is recommended for a wide range of tapping applications and is versatile and can be used on ferrous and non-ferrous materials. It clings to the tap very effectively to provide maximum lubrication. Stoughcool's Jet Tap Paste provides excellent lubricity while leaving no residue or tramp oils in machine sump or fixtures.

Advantages

- Non-Flammable
- Extremely clean, no residues or oils
- Odorless
- Excellent Lubricity
