

STOUGHCOOL

WE KNOW COOLANT.

JET 3

Stoughcool Jet 3 is a moderate-to-heavy non-chlorinated semi-synthetic coolant that can be used on steel, stainless steel, carbon steel, alloy steel, exotic alloys, cast iron, ductile iron, aluminum, copper, titanium and most other ferrous and non-ferrous metals. Its double action lubricating formula provides excellent tool life for the toughest applications while also keeping machines running clean and free of bad odors associated with bacteria. Stoughcool Jet 3 is built tough and will provide long sump life. It has extremely low mist levels and is very operator friendly making it easy to see through the windows of machines while machining and is gentle to operators' skin.

LAB DATA

Physical State	Yellow/Amber Liquid
Odor	Mild
Solubility in Water	Soluble in Water
PH 5% mix	9.2
PH Concentration	9.6
Residue	Liquid Film
Refractometer Factor	2.1

Advantages

- No sump stench, no bad odors
- Dual Action lubrication formula
- DCHA free
- Non-Chlorinated
- Low mist levels
- Excellent Lubricity
- Extremely clean
- Low foam formula

Stoughcool Jet 3 does not contain nitrites, sulfur, phenolic biocides, chlorinated Eps or DCHA. Not for use on Magnesium.
